KLEEV MIDDLE EAST Develops and Operates a state of the art manufacturing and testing facility for Middle East customers. We provide an in house third party inspection facility for Middle East customers within the region.

Managing Director Message

It is with immense pride and gratitude that I address you today as the Managing Director of our esteemed engineering company. Over the years, we have steered a course of unwavering dedication to excellence in engineering, setting benchmarks and embracing innovation. Our journey is defined by the relentless pursuit of engineering solutions that make a difference. Together, as a united team, we will continue to transform challenges into opportunities, delivering cutting-edge engineering that shapes a brighter future for all.

We proudly established ourselves as efficient "One stop sourcing solution for Instrumentation, Solar Systems, Fabrication & Panel Integration"

Why KleeV ?

CUSTOMIZED SOLUTION

RAPID PROTOTYPING

MORE CONFIDENCE ON WHAT WE COMMITTED

STATE OF ART MANUFACTURING FACILITY

BUILD STRONG LONG TERM RELATIONSHIPS

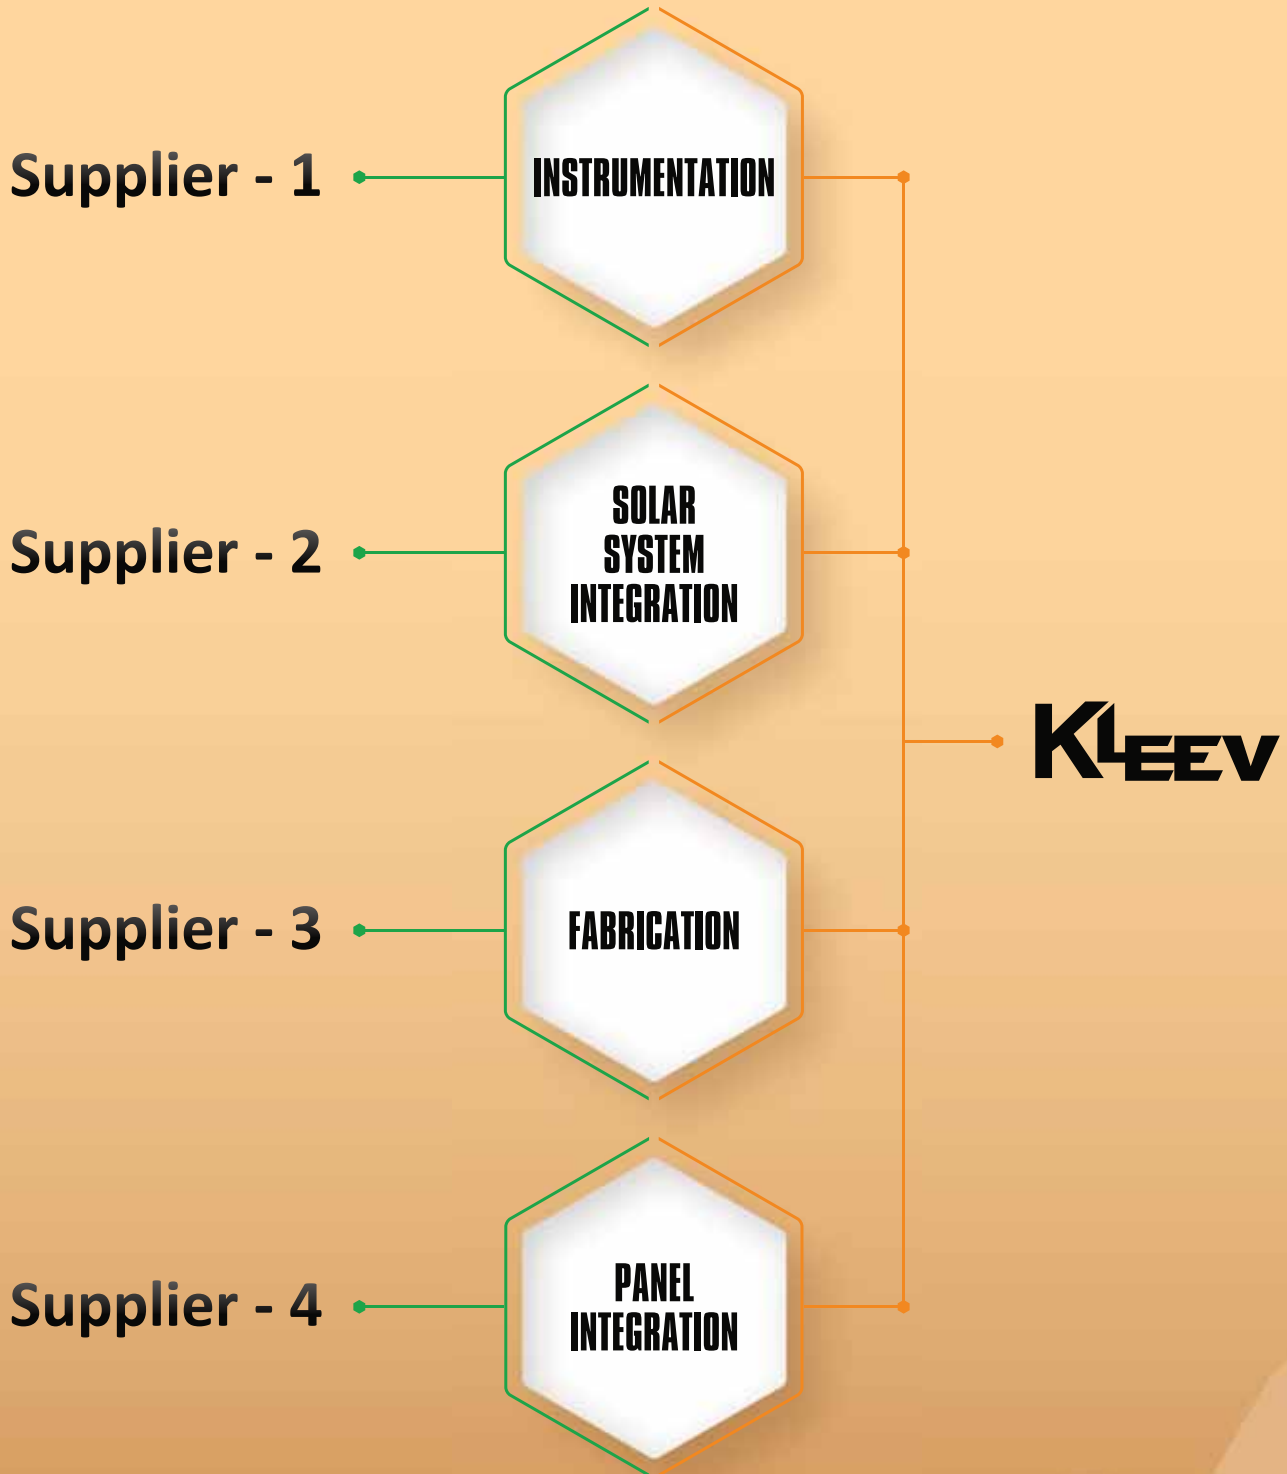

PARTNER MORE THAN A VENDOR

KLEE V

All Engineering Needs under one 'ROOF'

Multiple Suppliers, one solution: Your comprehensive Partner for seamless service

Advantages

- Single hand responsibility.
- No multiple follow ups to different suppliers.
- No dependency on different suppliers.
- Hassle free Modification / changes.

World Class "Instrumentation"

We are an industry-leading Instrumentation and Process Control Instruments manufacturing company dedicated to setting the gold standard in precision engineering and innovation.

With a rich heritage of excellence spanning decades, our company has consistently delivered cutting-edge solutions that redefine industries and empower businesses to achieve peak operational efficiency.

At the core of our operations lies an unwavering commitment to quality, reliability, and performance. Our instruments are meticulously crafted using the latest technologies and the highest-grade materials, ensuring they not only meet but exceed the most stringent industry standards.

Oil & Gas Off-Grid Solar Power System

Our Off-grid Solar Power Solutions for Oil and Gas industry are cost effective and reliable system. Our proven solar systems have the capability to be deployed by some of the largest Oil and Gas companies like ADNOC, ADCO, GASCO, KOC, OXYetc.

Solar Power System for Oil and Gas Industry, Specialist in Ex-Proof  approved solar integrator.

Output voltage options

12VDC / 24VDC / 48VDC / 230VAC / 410V AC

Battery capacity capabilities

Upto 5, 7, 10 Day's Autonomy

APPLICATIONS FOR OIL & GAS

- Well Head Control Panel
- Control Valve
- Chemical Injection System
- Cathodic Protection
- Video surveillance
- Gas Flow Measurement
- Mineral Exploration Camps
- CCTV Cameras
- Flow Metering System
- RTU / SCADA
